TAILORED TO YOUR EXPECTATIONS

Global Guardian can support a wide range of requests, including one-time services, or short or long-term agent contracts. All of our agents go through an extensive interview process and background check, as well as ongoing training. Client receives complete transparency of agent's background supplied prior to mission, including photo, credentials, licenses, and biography. In addition, client has the ability to scale, select, and change their requirements at a moment's notice.

WHAT SETS US APART

Global Guardian intertwines the expertise and experience of our leadership team into the oversight and management of all agent services. While most providers deploy agents onsite and distance themselves from the daily management, Global Guardian's leadership stays involved throughout the assignment.

With on the ground teams in 125+ countries, our global capabilities offer an integrated resource to plainclothes agent requirements and solutions. Our agents are immersed in the local culture, language, and current intel, and can be deployed immediately. When needed, our armed agents all carry a Law Enforcement Officers Safety Act (LEOSA) permit, which allows qualified active, retired, or separated law enforcement officers to carry a concealed firearm in any jurisdiction in the U.S. or U.S. Territories, regardless of state or local laws.
